

Dear STEP Members:

The board of STEP OC is hoping you and your families are healthy and safe as we all deal with COVID-19. We know this has impacted every part of your life and work.

We have been in regular contact with STEP Worldwide in London. They are providing guidance for all chapters no matter the region. They are supportive of us returning to normal activities with modifications to ensure the safety of all concerned. We look forward to the day we can see everyone in person once again.

While we were forced to cancel our April meeting, Laura Zwicker is able to present her program at our February Institute. For our June meeting, we are preparing for Rebecca O'Toole and Jennifer McGibbons to present by video and/or in person, depending on social distancing guidelines, <https://stepoc.org/meetings/>. Please plan to join us June 24th by video or possibly in person. The online registrations have been modified for video meetings until we know more about in person meetings. At this point the various continuing education organizations are trying to pivot providing CE credits. At this point, CE for the June meeting is not guaranteed as this is a work in progress.

While we focus on our upcoming quarterly (Zoom) meetings, the Board is hard at work preparing for the Institute in February. As you can imagine, we don't know if this will be by video or in person or a combination of both.

Please let me know if you have any questions as we work through this situation.
